Inyo National Forest OHV grant applications available for public comment

The Inyo National Forest will be submitting preliminary applications for grand funds to the California State Parks Off-Highway Motor Vehicle Recreation Division (OHMVR). Grant funds will be used to enhance and manage motorized recreation. The Law Enforcement grant proposal seeks funding to help ensure off-highway vehicle (OHV) user safety, education, and regulatory compliance.

The agency invites public comments on the preliminary grant applications. These and all other applicants' grant requests, as well as detailed instructions about the process and how to comment, can be viewed on the OHMVR website <https://ohv.parks.ca.gov/>. Comments should be submitted directly through the division website from March 2 to May 3, 2021.

As stewards, the Inyo National Forest manages public lands for the benefit of current and future generations. For more information, or to submit ideas through other means, please email Inyo National Forest OHV Manager Jeremy DeCell at jeremy.decell@usda.gov. For additional information about the Law Enforcement grant contact Laura James, Law Enforcement Patrol Captain at laura.james@usda.gov.
